

Course Outline

Adobe® Dreamweaver® CS3: Boot Camp

Course Specifications

Course number: DRWSC3BC

Software: Adobe® Dreamweaver® CS3

Course length: 1.0 day(s)

Certification: Adobe Certified Expert (ACE) Program®

Course Description

You may want to make information available on the Internet. To achieve this, you need to create a website. In this course, you will design, build, and upload a website using Dreamweaver.

Course Objective: You will design, build, and upload a website.

Target Student: Students who wish to familiarize themselves with the basic techniques used for creating websites using the Adobe Dreamweaver CS3 application. It also provides the fundamental knowledge and techniques needed to advance to more complex Dreamweaver operations for enhancing the functionality of websites.

Prerequisites: To ensure the successful completion of Adobe Dreamweaver CS3: Level 1, the student should have an understanding of how to use Microsoft Windows 2000 or Windows XP operating systems.

Delivery Method: Instructor led, group-paced, classroom-delivery learning model with structured hands-on activities.

Performance-Based Objectives

Upon successful completion of this course, students will be able to:

- prepare to use the Dreamweaver environment.
- create a website.
- add design elements to web pages.
- work with links.
- work with frames.
- upload a website.
